CBIC asks GST officers to consult board over interpretation of law

PRESS TRUST OF INDIA
New Delhi, August 17

THE CBIC HAS asked GST officers conducting audit to refer to the board those cases where they face issues of conflicting interpretation of provisions of the tax law. In an instruction to field offices, the Central Board of Indirect Taxes and Customs (CBIC) said during the process of audit, a CGST Audit Principal Commissioner may come across a scenario where a taxpayer has followed a prevalent trade practice based on particular interpretation of Goods and Services Tax (GST) law and more than one such interpretation of the law could result in litigation.

"In such cases, it is desirable that the zonal (Pr.) Chief Commissioner make a self-contained reference to the relevant policy wing of the Board i.e. the GST Policy or TRU (Tax research Unit)," the CBIC said, adding that the Commissioner would make the reference before conclusion of the audit and before issuing show cause notice to promote uniformity and avoid litigation.

Moore Singhi executive director Rajat Mohan said industry has

■ One of the recurring issues has been the inconsistency in interpretations of GST laws by various audit authorities

- It leads to increased litigation and uncertainty for businesses
- These inconsistencies have often resulted in conflicting decisions
- This not only causes operational disruptions but also increases compliance costs for businesses

been facing significant challenges during GST audits and one of the recurring issues has been the inconsistency in interpretations of GST laws by various audit authorities. "Perhaps living away from home represents independence and a way of exploring opportunities," he said.

In 2020, the Tamil Nadu government announced the mega industrial housing project for Foxconn employees following a large-scale protest by workers over poor food quality. The facility, developed by the State Industries Promotion Corporation of Tamil Nadu (SIP-COT) at its industrial park in Valam Vadagal, Kanchipuram district, spans 20 acres and can accommodate 18,720 workers across 13 blocks, each with still plus 10 floors. It is a first-of-its-kind project by a state government for private firm in India.

"In many instances, we hire people who have never lived in small towns or big cities. When they come to our manufacturing campuses, they have to live with thousands of young people just like them, whom they've

pressure and prolonged disputes. This not only causes operational disruptions but also increases compliance costs for businesses as they are compelled to engage in prolonged legal battles, Mohan said.

"In response to these concerns, the CBIC's instruction aims to standardize the audit process by requiring Zonal Principal Chief Commissioners to consult with the relevant policy wing of the Board (GST Policy or TRU) before concluding any investigation where multiple interpretations of the law exist.

"This step is crucial in ensuring that a uniform interpretation of the GST laws is maintained across different jurisdictions, thereby reducing the likelihood of unnecessary litigation," Mohan added.

Deloitte India Partner and Leader Indirect Tax, Mahesh Jaising said "this proactive step, applicable to ongoing audits as well, ensures policy alignment, focuses on ease of doing business and reduces unnecessary litigation by maintaining uniformity."

Married women greatly contribute to our efforts, says Foxconn's Liu

Chennai, August 17

FOXCONN CHAIRMAN YOUNG LIU said the company practices gender-inclusive hiring and that women make up for a substantial portion of its workforce at its Tamil Nadu facility, the largest manufacturing site for the Taiwanese giant in India.

"Foxconn hires regardless of gender. Women make up a big part of our workforce here. Our emphasis is that married women greatly contribute to the efforts of what we are doing here," Liu said on Saturday.

"He was speaking after the inauguration of a ₹706.5-crore mega industrial housing project developed by the Tamil Nadu government exclusively for Foxconn's women workers in Sriperumbudur on the outskirts of Chennai.

Liu's comments come in the wake of a Reuters report in June that claimed that Foxconn excluded married women from assembly jobs at its iPhone plant in Tamil Nadu. While Foxconn acknowledged certain lapses in hiring practices in

2022, it stated that these issues have since been addressed and denied any allegations of employment discrimination.

After ceremonially handing over keys to a few women workers, Liu said, "Living in dormitories is not customary in many of our locations worldwide, but it is part of building a support system."

"In many instances, we hire people who have never lived in small towns or big cities. When they come to our manufacturing campuses, they have to live with thousands of young people just like them, whom they've

Citroën launches Basalt SUV coupé

FE BUREAU
New Delhi, August 17

CITROËN INDIA, WHICH had announced last week that its Basalt SUV coupé will be priced starting ₹7.99 lakh, ex-showroom, on Saturday announced the pricing of the entire range - from ₹7.99 lakh to ₹13.62 lakh - massively undercutting all other midsize SUVs.

Its major competitors are Hyundai Creta (₹11 lakh to ₹20.15 lakh), Kia Seltos (₹10.9 lakh to ₹20.37 lakh), Maruti Suzuki Grand Vitara (₹10.99 lakh to ₹19.93 lakh), and Honda Elevate (₹11.69 lakh to ₹16.43 lakh).

The Basalt is the first ICE SUV coupé in the market - a car design with a sharply sloping roof that combines the road presence of an SUV, with the wheelbase of a coupé/sedan. Last week, Tata launched the Curvv EV SUV coupé for ₹17.49 lakh (the Curvv ICE SUV coupé will be launched in September).

Shailesh Hazela, CEO & MD, Stellantis India (parent company of Citroën), told FE that he is confident of the success of the Basalt. "It's a never-seen-before SUV," he said.

"People want to experiment - they are not only saying dil maange more, but also dil maange better and different.

"The Basalt is for that kind of customer - who not only wants more, but also something unique."

Maruti to raise Q2 deferred tax liability provision by ₹850 cr

FE BUREAU
New Delhi, August 17

MARUTI SUZUKI INDIA on Saturday said it would need to increase provision for deferred tax liability by around ₹850 crore due to the withdrawal of indexation benefit while calculating long-term capital gains on debt mutual funds.

The company was making accounting provisions for deferred tax liability on fair value gains on these investments, Maruti Suzuki India said in a regulatory filing.

A one-time impact on profit after tax will be felt in the second quarter of the ongoing fiscal, it added.

In the Finance (No.2) Act 2024, the indexation benefit has been withdrawn while calculating long term capital gains on debt mutual funds which were purchased prior to April 1, 2023, it said.

"Due to withdrawal of indexation benefit and change in rate of tax from 20% plus surcharge and cess (with indexation) to 12.5% plus surcharge and cess (without indexation), accounting provision for deferred tax liability so created needs to be restated," the automaker said.

Consequently, it said, "The accounting provision for deferred tax liability created by the company as on June 30, 2024 would need to be increased approximately by ₹850 crore, thereby having a one time impact on the profit after tax of the company for Q2 of FY 2024-25."

Maruti Suzuki India chief investors relations Officer Rahul Bharti in a statement said this is only an accounting provision at this stage due to the change of tax rules by removing the Indexation benefit on the mark to market gains.

"The actual tax outflow will happen subsequently at future dates as and when we redeem those mutual funds," he added.

Bharti asserted that this is not related to operations and will not impact the company's operational profit.

"It will affect the tax on other income in respective future dates whenever we redeem those funds," he added.

NCLAT sets aside order barring Mitsubishi from encashing guarantee by Punj Lloyd

PRESS TRUST OF INDIA
New Delhi, August 17

ALLOWING THE PLEA of Mitsubishi Heavy Industries, the Insolvency Appellate Tribunal NCLAT has set aside the order passed by NCLT, which had restrained the Japanese multinational engineering from encashing the Performance Bank Guarantee submitted by its contractor Punj Lloyd.

NCLAT said NCLT "committed an

error" by allowing a plea filed by the RP of Punj Lloyd to restrain Mitsubishi Heavy Industries, State Bank of India and other banks who have

given counter guarantee to invoke the Bank Guarantee.

"Order passed by the Adjudicating Authority (NCLT), thus is unsustainable," said a National Company Law Appellate Tribunal bench.

The NCLAT also said that it is well-settled law that Section 14 "in no manner impact the right of the Appellant (Mitsubishi) to invoke the Bank Guarantee during the pendency of the Moratorium and in the present case."
